Job Description

CNC Lathe Operator / Miller / Setter – Chrudim district with the possibility of free accommodation We are looking for skilled colleagues for modern production in the Chrudim district. **What awaits you here?**

- Operating CNC machine tools (turning, milling).
- Working with Siemens programs.
- Reading and working with technical drawings/documentation.
- Measuring and inspection of parts.
- Basic machine maintenance.

What do we expect from you?

- Apprenticeship/Vocational training in a mechanical engineering field.
- Experience with CNC machines or experience with conventional lathes.
- Knowledge of measuring and orientation in technical documentation.
- Willingness to work in a 3-shift operation (free weekends!).

And what's in it for you?

- Excellent SALARY
- Company accommodation FREE of charge
- Salary advances and the possibility of overtime.
- Our own training and practice center where we will teach you everything.
